"UNIQUE IN NUMISMATICS"

TAKE ADVANTAGE OF THE EXPERIENCE & KNOWLEDGE GAINED IN PERSONALLY CATALOGING OVER 300 SALES!

The Clifford-Kagin Gold Collection is now on public display at the San Francisco Mint.

It is the WORLD'S LARGEST AND FINEST COLLECTION OF PIONEER & TERRITORIAL GOLD COINS and contains many "UNIQUE" and "FINEST KNOWN" specimens. We urge you not to miss the opportunity to view this most historical and outstanding Americana Collection.

Take Advantage of our "YOU ARE THERE SERVICE."

- Have you ever missed-out on a coin at a public auction because you were not there, and some dealer bid $5 more than your highest bid?
- Have you ever purchased a coin from a public auction without first examining it and found that for one reason or another it just didn't fit into your collection (overgraded, cleaned, washed notes, Etc.)?
- Have you ever wished to buy just one of three or four lots to fill a type set but didn't know whether to bid on just one or all of the lots to get the desired item?
- Have you ever wanted to invest a certain amount of funds in *"the best buys"* from a public auction (like dealers do) but didn't know how to proceed because you weren't there?
- Have you ever wanted to purchase an item at a public auction without being identified as the bidder?

If your answer is YES to any of the above questions, then this "UNIQUE" service is for you!

We will personally represent you at all major auctions (including our own – no charge for representing you at our sales) to assure your complete satisfaction in the acquisition of numismatic material.

Please direct ALL INQUIRIES to the attention of A.M. or Don Kagin.

CONSIDERING THE DISPOSITION OF SOME (OR ALL) OF YOUR NUMISMATIC ITEMS?

We are now conducting a nation-wide tour to acquire quality material by outright cash purchase, or for inclusion in our auction sales.

If you have ever considered selling part or all of your collection, we urge you to act now, as we can not be certain how much longer this current "active cycle" will last; especially considering the many other economic uncertainties of our times.

You may call us collect to arrange for a personal visitation, or send a brief list of the items you have available. Our terms are very liberal and we will provide a cash advance, if desired.

As always, all replies will be held in the strictest conficence.

OVER THE YEARS

Commentaries based on cataloging over 300 sales and collecting since 1928.

One of the greatest satisfactions and certainly AMONG THE HIGH POINTS OF COLLECTING SINCE 1928 OCCURED AT THE A.N.A. CONVENTION AT BAL HARBOUR (MIAMI) FLORIDA DURING AUGUST, 1974. Never, in all my dreams did I actually believe I would have the opportunity to acquire THE LARGEST AND FINEST COLLECTION OF PIONEER & TERRITORIAL GOLD COINS! The acquisition ranks among the largest transactions in numismatic history. It is the Henry Clifford collection (hereafter to be known as the Clifford-Kagin collection) presently on display at the SAN FRANCISCO MINT. The collection contains 121 specimens, several of which are Unique and many are the "Finest Known." Pioneer gold coinage of seven states - - - California, Colorado, Georgia, Oregon, North Carolina, South Carolina and Utah - - - are included. A book describing the collection is in the planning stage.

Pioneer & Territorial Gold has always fascinated me. It represents "Necessity Coinage" when people (rather than governments) created their own money. It truly tells the story about the development of our country. Presently, it is the intention to further build the collection with choicer specimens (if they exist) and the addition of the very few not contained. Don Kagin, who shares my enthusiasm and interest in this Historical Series, actually searched-out the collection and was instrumental in consumating what may well be the pinnacle of my many years of collecting. In fact, he found-out that the $10 1852 Wass, Molitor specimen sold at the A.N.A. sale was a bit superior to that in the Clifford-Kagin collection. After tracing it through two previous buyers, he was fortunate to obtain it to add to our new collection.

Prices which appeared "high" prior to the A.N.A. convention, became "bargains" there. Rare and choice coins and currency continue setting new records. For instance, we saw a $4 1879 gold Stella at A.N.A. at $24,000 (we sold one at our 11/73 sale at $14,500.00). Many of the coins and notes in our September 16th sale brought from 50% over our estimates to double our estimates. Over half the material in the sale was bought by dealers. With inflation continuing, it seems inevitable that even present day "high" prices will soon be looked upon as "bargains." No doubt many of the estimates will be exceeded in this extremely active market. We urge you to attend the M.A.N.A. convention and avail yourself of the opportunity to acquire some of these "treasures." Good hunting.

A.M. (Arthur) & Don Kagin

1841 2ND RESTRIKE HALF CENT – 3 KNOWN

26–1841 Second Restrike, so-called G3, thick flan, wt. 96.9 gr. ONLY 3 KNOWN! Other 2 in Eliasberg & Newman Collections. GLITTERING RED & BLUISH PROOF, CHOICE! Interesting die break thru left stars. Well worth a substantial four-figures price.

EXCESSIVELY RARE 1847 1ST RESTRIKE REV. OF 1856 HALF CENT

27–1847 First Restrike (rev. 1856) GLITTERING RED & BLUISH PROOF, CHOICE! A lovely specimen of this EXCESSIVELY RARE half cent. Not in the celebrated Brobston collection (the most complete collection of half cents ever assembled) sold in 1963. There was one in our Nov., 1973 sale which finally was "knocked down" at $5,700.00. That and this specimen are the only two we can recall appearing in all our 304 sales extending back to the 1930's! In this era of "Exceptional Prices For Exceptional Coins," it will be interesting to see what this rarity now brings.

28–1849 Large Date, MINT RED UNCIRCULATED with some bluish toning around reverse edge, SHARP STRUCK GEM! Scott states *"Almost unavailable in brilliant unc."* RARE THUS!

29–1850 BRAIDED HAIR TYPE, Uncirculated iridescent. Catalogs 135.00.

30–1851 Reddish purple virtually Uncirculated (cleaned). 75.00

33–1854 Near Uncirculated. Catalogs unc. $125; worth 50.00.

1855 GEM PROOF HALF CENT

34–1855 G-1, GLITTERING IRIDESCENT GEM PROOF! A MAGNIFICENT SPECIMEN! We recently saw a specimen not quite the equal of this at $1,500.00; what price this remarkable coin will now bring in this market of "Exceptional Prices For Exceptional Coins" is problematical.

35–1856 Virtually Uncirculated, barest friction. Cat. unc. $145; worth about half.

36–1857 MINT RED mingled with some light brown, UNCIRCULATED SHARP STRUCK GEM! *Rare date in choice condition.* 500.00

1793 LARGE CENTS

37–1793 S-3, CHAIN, basically Very Fine in sharpness but eroded (rough) surface. RARE. Catalogs V.F. $2,250; this worth Fine price of 1,100.00.

1793 "CONDITION-CENSUS" S-8 WREATH CENT

38–1793 S-8, Wreath, Vine & Bars edge, VIRTUALLY UNCIRCULATED, ONLY BAREST FRICTION, WELL-CENTERED & SHARP STRUCK! A lovely even chocolate color cent remarkably free from the usual abrasions. This must be the "55" coin in "CONDITION-CENSUS." Much rarer than the usual S-9 variety offered. Surely this *remarkable specimen* now worth upwards of 5,000.00.

LOT NO. 39

39–1793 S-10, **WREATH, Vine & Bars edge, famous "Period After AMERICA." variety, VERY RARE (Rarity 5).** About VERY FINE (some portions actually Extremely Fine but porous planchet and some minute abrasions). Valued by Sheldon over 50% more than the "common" variety (which catalogs V.F. $1,400) or over 2,100.00. [photo on page 9]

40–1793 S-11b, **LETTERED EDGE, DOUBLE-LEAF ON EDGE, about Very Fine (several tiny edge nicks). VERY RARE (Rarity 5).** Valued at about 25% more than single-leaf edge or in V.F. at about 1,800.00.

41–1793 S-11c, **LETTERED EDGE, SINGLE LEAF ON EDGE,** about Fine (slight edge nicks), interesting break on reverse. RARE. Catalogs Fine 825.00.

42–1793 S-13, **LIBERTY CAP,** basically Very Fine but corroded surface. RARE. Catalogs V.F. $2,750.00; this probably worth half.

1794 "CONDITION-CENSUS" LARGE CENTS

43–1794 S-29, basically Very Fine but somewhat grainy surface. Quite Scarce variety (R3) valued by Sheldon at twice that for "commonest" 1794 or V.F. $450; this specimen not quite worth that much.

44–1794 S-42, **Extremely Fine, Sharply Struck, even chocolate color. VERY RARE (high R5). Acquired as "HIGH IN CONDITION CENSUS"** (Condition Census is 50-40-35-30-25-20). Sheldon values this variety at 4 times that for the "commonest" 1794. In addition, there is at least an additional 50% premium as "Condition Census" which figures out to at least 2,500.00.

45–1794 S-55, **Very close to Uncirculated with only slight trace of friction, even chocolate color.** *Quite Scarce variety* (r3) valued at double that for "common" 1794. Sheldon has "Condition Census" as 65-50-40-40-35-30 which places this high in **"FINEST KNOWN."** Computing basal value plus substantial premium for "Condition Census" adds up to a value over 2,500.00.

46–1794 S-67, Sharp Very Fine bordering on Extremely Fine, some porosity of planchet, pin-point edge nick. **Quite Scarce (R3).** Valued at double the "common" 1794 or about $650, perhaps over 700.00.

47–1795 S-73, LETTERED EDGE, HYPHEN variety (R-T in LIBERTY) Very Good with date & Liberty actually Fine, short scratch in field. The old Standard Catalogue (Wayte Raymond) listed this as separate Major Variety. **VERY RARE INDEED (Rarity 6).** Possibly the "10" coin listed in "CONDITION CENSUS." Basal value 6 times that for "common" 1795 or V.G. at 360.00.

48–1795 S-76a, LETTERED EDGE, high ONE CENT, DOUBLE STRUCK resulting in larger (and thinner) planchet than normal & PART OF REVERSE at Extreme Right Edge of obverse, good with some portions actually Very Good. **RARITY** 6 with basal value 6 times that for "common" 1795, or good $210 & V.G. $360; this worth about 250.00.

49–1795 S-76b, Plain Edge, high ONE CENT, about Very Fine. Cat. V.F. 165.00.

50–1796 S-84, Basically Very Fine but some "flattening" around reverse edge milling. The "commonest" 1796 catalogs V.F. $275; this worth?

Sheldon 79, The Reeded Edge. Fine sharpness, flawless surfaces, golden brown; struck in brockage form, incuse obverse where reverse should be; holed at left obverse. One of the most famous of all Early Cents; Dr. Sheldon's legendary pocket piece. One of only six examples reported from this die or with the reeded edge; rarest of the serial Sheldon numbers. The six known are as follows:

G-5	Brockage – here offered, pedigree below, Unique (Sheldon - Downing -Ruby - Brotman)

Found by Dr. Sheldon and carried by him as a pocket piece for years. Dr. Sheldon then gave it to Homer Downing around 1945 and then sold it at the 1952 ANA sale, a couple months after he died. Listed in Scott Comprehensive Catalogue & Encyclopedia as "Unique," P. 386 pictured in Taxay, COUNTERFEIT, MISSTRUCK & UN-OFFICIAL U.S. COINS, P. 203, and in the 1952 ANA Convention sale. Surely this UNIQUE and highly desirable specimen now worth well over 10,000.00.

1799 OVER 98 CHOICE CENT

56–1799 OVER 98, S-188, **VERY FINE WITH FULL DATE & LIBERTY** (unusual as about 95% come with either weak date or weak Liberty and only about 5% come with both sharp date and Liberty), grainy surface which seems to be characteristic of this date. 57–**1800 OVER 1798, S-190,** acquired as "UNCIRCULATED" but close examination with glass reveals fine brush-marks, chocolate color. Bought in 1964 at $975; present value?

58–1800 S-207, Characteristic break below fraction, Very Fine. Acquired as "**20 Coin In Condition Census.**" We note CONDITION-CENSUS has "35-30-25-25-20-15" which makes this highly desirable. **RARE (rarity 4)** valued at double "common" 1800. Worth over 225.00.

59–**1800 S-209 with characteristic die failure at right resulting in tiny portion of right rim, point of bust and F in OF not being fully struck up.** Acquired as *"About Uncirculated 50 Coin In Condition Census"* at $800 (Sheldon lists a "50" coin as **SECOND FINEST KNOWN for this RARITY 5 variety).** Surely this rarity now worth over 1,500.00.

743–1931-S Golden & Red Uncirculated (V.D.B. restored to truncation) CHOICE!

TWO-CENT PIECES

744–1873 CLOSED 3, GLITTERING GOLDEN PROOF, a pinpoint carbon spot restrains us from using superlatives for this rare "Proof Only" date. The catalog value of only $640 now seems low in keeping with the sharp rise in values in recent months.

THREE-CENT NICKEL PIECES

745–1865 Glittering bluish golden Uncirculated, Sharp Struck, Wire Edge! 100.00

746–1871 Glittering bluish golden Uncirculated, Sharp Struck, Wire Edge! 100.00

THREE-CENTS SILVER

747–1853 Uncirculated Golden. Trends 135.00.

748–1854 TYPE II, Brilliant golden Uncirculated, WIRE EDGE GEM! PRISTINE "MINT STATE-70." Compared to the "MS-65" coin we saw at A.N.A. at $1,000, this magnificent specimen should surely exceed 1,500.00.

1857 3 CENT SILVER GEM PROOF!

749–1857 GLITTERING GOLDEN WIRE EDGE GEM PROOF! A MAGNIFICENT SPECIMEN OF THIS EXTREMELY RARE COIN! It bears the "Hallmark" of genuine proofs (i.e. struck from faintly striated obverse die). Since this same striated obverse die was also used to strike regular "business strikes" (after striking the few for proof sets) the true rarity of proofs has been obscured by the offering of less sharply struck "first strikes" (with some prooflike surface) as "proof." Easily worth over $3,000; possibly closer to 3,500.00.

750–1859 BRILLIANT PROOF WITH WIRE EDGE! Setting new records.

751–1866 SHIELD WITH RAYS, Brilliant Uncirculated, SHARP STRUCK WIRE EDGE GEM! A magnificent specimen EXTREMELY RARE in this remarkable condition. At least the equal of the A.N.A. one at $500; present value?

752–1880 GLITTERING GOLDEN BLUISH WIRE EDGE STRUCK GEM PROOF! *We do not see how a lovlier specimen could exist!* Low total coinage. Easily worth upwards of 250.00.

753–1882 Brilliant bluish Uncirculated, SHARP STRUCK WIRE EDGE GEM! "MS-70"!

754–1883 NO CENTS, Uncirculated bluish with Wire Edge.

755–1912 Brilliant golden Uncirculated, SHARP STRUCK WIRE EDGE! CHOICE!

756–1913 Type I, Brilliant Uncirculated, SHARP STRUCK WIRE EDGE! "MS-70"!

757–1926-D Golden Uncirculated, Sharper struck than most, almost full strike. Rare so choice! Catalogs 290.00.

1867 WITH RAYS PROOF NICKEL

758–1867 With RAYS, GLITTERING BLUISH GOLDEN, SHARP STRUCK WITH WIRE EDGE! A lovely specimen of this rarity. *Scott states "25 struck, High R6"* (only about 15 or so now known). THE RAREST NICKEL! Scott lists it $4,250 (4 years ago). The last specimen to appear in our sales realized $4,000.00. It will be interesting to see what this one now brings in the present strong market.

1918-D, 8 OVER 7 NICKEL, UNCIRCULATED

759–1918-D, 8 OVER 7, Uncirculated with deep blue and golden patina, LIBERTY and date quite sharp, forehead and horn of buffalo about 75% full with hip also about 75% full. AMONG THE RAREST OF TWENTIETH-CENTURY COINS. Catalogs $5,500 but we have seen specimens priced to $10,000 (we must admit it was described as a bit sharper struck on reverse than this one).

1795 HALF DIME UNCIRCULATED

760–1795 Glittering Bluish Golden Uncirculated, CHOICE! Variety with several hair locks below ear severed for a tiny portion, REMARKABLY SHARP HAIR LOCKS ABOVE EAR; most feathers of eagle not visible but those feathers which show are quite sharp, eagle's head (including eye) quite sharp. A lovely specimen for "type" or date. Have seen worse at 3,000.00.

CHOICE BUST HALF DIMES

761–1829 Brilliant Uncirculated, SHARP STRUCK WITH WIRE EDGE, PROOFLIKE SURFACE! A magnificent "MINT-STATE 70" coin!

762–1831 Glittering iridescent Uncirculated with Wire Edge.

763–1832 Brilliant Uncirculated, SHARP STRUCK GEM! "MINT STATE 70"! PRISTINE!

1846 HALF DIME PROOF

764–1846 GLITTERING BLUE PROOF WITH RAISED EDGE BOTH SIDES! A remarkable specimen of this great rarity. Judging from what less rare coins have recently brought, we feel this highly desirable coin should now realize upwards of 3,000.00.

765–1871-S Brilliant bluish golden Uncirculated, SHARP STRUCK WITH WIRE EDGE! The Hawn specimen (Stack's 8/73) fetched $350; surely this choice one now worth more.

1797 SMALL EAGLE DIME "CONDITION-CENSUS"

766–1797 SMALL EAGLE 16 Stars, GLITTERING GOLDEN UNCIRCULATED WITH SOME PROOFLIKE SURFACE, usual die state with feathers of eagle's breast and right wing tip not fully struck up. *Scott states "Extremely rare in unc."* Envelope marked $5,250.00. What its present value might be in this market of "Exceptional Prices For Exceptional Coins" is problematical.

767–1823 OVER 2, Small E's in legend, Brilliant golden Uncirculated, SHARPER STRUCK THAN MOST WITH STARS COMPLETELY FULL! *Scott states "Generally underrated, and more than quadruple the rarity of the 1823/22 Large E's"* (& valued there close to double that for Large E's). Easily worth over 2,000.00.

1827 GEM PROOF DIME

768–1827 GLITTERING BLUE & GOLDEN WIRE EDGE GEM PROOF! A magnificent specimen in original Numismatic Gallery (N.Y. Kossoff-Kreisberg) envelope with "k1 Proof $30" written thereon. We believe the future rise in value will be as spectacular as that taken place in the past. Easily now worth several thousands.

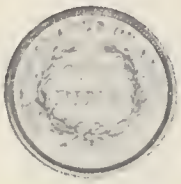
769–1831 Brilliant bluish Uncirculated, SHARP STRUCK WITH RAISED EDGE & FULL STARS! Trends $850 for ordinary unc.; surely this premium specimen worth over 1,250.00.

770–1835 Brilliant bluish golden Uncirculated, SHARP STRUCK GEM! An outstanding example excellent for date or type. Easily worth over 1,500.00.

1835 GEM PROOF DIME

771–1835 BRILLIANT WIRE EDGE GEM PROOF! A magnificent specimen now worth a few thousands.

1837 NO STARS PROOFLIKE DIME



772–1837 Large Date, NO STARS, Brilliant Uncirculated, SHARP STRUCK, WIRE EDGE, PROOFLIKE! We note a "Gem Unc. MS-70" advertised page 26 of *9/4/74 Coin World* at $5,000.00. What then is this prooflike one worth?

1854-O DIME, "MINT-STATE 70"

773–1854-O ARROWS, Brilliant golden Uncirculated, SHARP STRUCK "MINT STATE 70"! The equal of the one (1854) at A.N.A. at 1,000.00.

1873 ARROWS DIME, "MINT-STATE 70"

774–1873 ARROWS, Brilliant Uncirculated, WIRE EDGE GEM! "MINT-STATE 70"! Interesting variety struck from clashed dies.

775–1874 ARROWS, GLITTERING GOLDEN PROOF. We note one at A.N.A. at 650.00.

776–1877 GLITTERING BLUE & LILAC WIRE EDGE PROOF, CHOICE! Only 510 struck!

777–1885 BRILLIANT BLUISH WIRE EDGE GEM PROOF! A magnificent specimen.

778–1891 GLITTERING BLUISH GOLDEN PROOF, faint contact marks in field.

779–1892 Brilliant golden Uncirculated WIRE EDGE GEM!

780–1893 BRILLIANT GOLDEN BLUISH WIRE EDGE GEM! PERFECTION!

781–1902 Brilliant Uncirculated SHARP STRUCK GEM!

782–1931 Brilliant slightly golden Uncirculated, SHARP STRUCK GEM!

783–1942 OVER 1, virtually Uncirculated, only barest friction, much luster. SCARCE! Trends unc. $925; this worth about half.

1821 PROOFLIKE QUARTER

784–1821 Glittering golden PROOFLIKE GEM! The equal of the more readily available 1825 we saw at A.N.A. at $3,950.00. Surely this rarity now worth closer to 5,000.00.

785–1832 Brilliant Uncirculated, SHARP STRUCK, CHOICE! Comparable to one recently seen at 1,950.00.

786–1834 Brilliant Uncirculated, SHARP STRUCK, SOME PROOFLIKE SURFACE, CHOICE! It would not surprise us to see this desirable specimen bring around 2,500.00.

787–1840 DRAPERY, Brilliant Uncirculated. *Scott states "Very rare in unc."* Recent record of $2,200 for an exceptional specimen; this worth proportionately.

788–1843 Brilliant Uncirculated, choicer than most. Surely now worth 500.00.

1853 ARROWS & RAYS "MINT-STATE 70" QUARTER

789–1853 Brilliant golden Uncirculated, SHARP STRUCK GEM! "MINT-STATE 70"! We saw a "gem" at A.N.A. at $2,500; this remarkable specimen now worth?

790–1854 ARROWS, Brilliant golden Uncirculated, SHARP STRUCK WIRE EDGE GEM! Have seen worse at $1,000; this worth?

791–1857 No Motto, glittering blue Uncirculated, SHARP STRUCK WIRE EDGE GEM! A magnificent specimen worth several hundred dollars.

792–1858 Brilliant Uncirculated GEM even though a star not fully struck up. 400.00

793–1860 BRILLIANT WIRE EDGE GEM PROOF! MAGNIFICENT SPECIMEN in holder!

794–1868 GLITTERING BLUISH PROOF, WIRE EDGE! Only 600 struck, in holder.

795–1877 GLITTERING BLUE & LILAC WIRE EDGE GEM PROOF! A superb specimen; only 510 struck nearly a century ago!

796–1892 Brilliant Uncirculated GEM! "MINT-STATE 70"!

797–1893 GLITTERING BLUISH GOLDEN RAISED EDGE GEM PROOF! Pristine! 500.00

798–1901 Uncirculated golden, SHARP STRUCK!

799–1909 BRILLIANT WIRE EDGE PROOF! Only 650 struck! 475.00

800–1917 Type I, glittering blue Uncirculated, SHARP STRUCK WIRE EDGE FULL HEAD GEM!

801–1917 Type I, Brilliant golden Uncirculated, SHARP STRUCK WIRE EDGE FULL HEAD gem

802–1917 Type II, Brilliant golden Uncirculated, FULL HEAD GEM! Much rarer than Type I in this choice state of preservation. 250.00

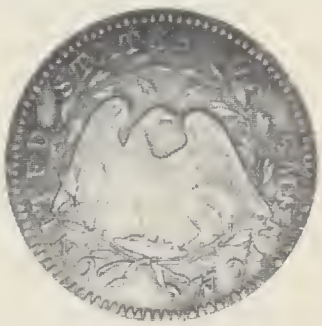
803–1919 Brilliant Uncirculated, SHARP STRUCK with 80% FULL HEAD! 150.00

804–1925 Recessed Date Style (1925-30) Brilliant Uncirculated FULL HEAD GEM! Auction record Stack's about 2 years ago of $150; surely this elusive date now worth 250.00.

1794 HALF DOLLAR UNCIRCULATED

805–1794 Overton 101 variety, BORDERLINE UNCIRCULATED, Remarkably Sharp Struck with RAISED EDGE DENTICLES BOTH SIDES & SHARP STARS; Brilliant slightly golden but close examination reveals just the faintest trace of friction on eagle's breast & pinpoint edge nick. So far superior to Overton plate coin that we are tempted to say that it is certainly a candidate for "FINEST KNOWN"! Surely this remarkable specimen should be worth substantially over $10,000; perhaps closer to 15,000.00.

1795 HALF DOLLAR, CHOICE UNCIRCULATED



806–1795 Overton 113 variety, CHOICE BRILLIANT BLUISH GOLDEN UNCIRCULATED, Sharp Struck except in tiny portion of center at ear (& corresponding breast of eagle). UNDOUBTEDLY "CONDITION-CENSUS" and candidate for "FINEST KNOWN"! We have seen specimens during the past year described as "Uncirculated" (priced at upwards of $5,000) but not anywhere near as choice as this remarkable specimen. On a comparative scale, this highly desirable coin could now realize close to 10,000.00.

1806 PROOFLIKE HALF DOLLAR

807–1806 Pointed 6, stem thru claw, Overton 120 variety (Rarity 4), BRILLIANT BLUISH GOLDEN UNCIRCULATED, SHARP STRUCK WITH PROOFLIKE REVERSE, RAISED EDGE BOTH SIDES, most stars full! A lovely specimen acquired as "FINEST KNOWN"! Since Overton didn't list "CONDITION-CENSUS" (as Dr. Sheldon did in "Penny Whimsy") we cannot dispute this claim. We do not know what the "7,500" figure accompanying the coin refers to: whether this is his cost, insurance figure, extrapolated figure, or what he thought it was "worth." It will be interesting to see what this remarkable specimen now brings in this era of "Exceptional Prices For Exceptional Coins."

1807 CHOICE HERALDIC EAGLE HALF DOLLAR

808–1807 Bust Right "Comet" variety (O-102) (Rarity 3), Uncirculated appearing with lovely light bluish golden patina but close examination with glass reveals just the faintest friction on top hiar strands. Comparable to the "uncirculated" we saw at A.N.A. at 1,350.00.

CHOICE LETTERED EDGE HALF DOLLARS

809–1809 Glittering golden SHARP STRUCK virtually Uncirculated, only the faintest rubbing prevents us from calling it a GEM! A lovely specimen indeed.

810–1810 Brilliant golden Uncirculated, SHARP STRUCK!

CHOICE HALF DOLLAR TYPES

811–1818 MODIFIED BUST, Glittering bluish golden Uncirculated, WIRE EDGE GEM! Variety with two claws not fully struck up.

812–1824 Double Profile, Uncirculated with lovely golden bluish patina, Sharp Stars although point of bust not quite full. 500.00

813–1825 BRILLIANT UNCIRCULATED, SHARP STRUCK GEM even though a few stars do not have center points! "MINT-STATE 70"! A remarkable specimen surely now worth the $1,500 we saw one at recently.

814–1832 small letters, O-106 small letters, golden bluish Uncirculated. 500.00

1836 REEDED EDGE PROOFLIKE HALF DOLLAR

815–1836 REEDED EDGE, GLITTERING BLUISH GOLDEN PROOFLIKE, SHARP STRUCK WITH RAISED EDGE BOTH SIDES! A lovely specimen of this underrated rarity (ONLY 1,200 TOTAL STRUCK). *How many can still exist 138 years later -- particularly in this remarkable condition?* Easily worth over $10,000; perhaps even closer to the owner's valuation of 15,000.00.

816–1837 "50 CENTS," Brilliant Uncirculated GEM! A magnificent specimen. Easily the equal of the A.N.A. one at 1,500.00.

817–1838 "HALF DOL.," Brilliant Uncirculated GEM! Magnificent! Equally Choice.

818–1839-O Brilliant Uncirculated, SHARP STRUCK, CHOICE! RARE THUS. Easily worth over $2,000; possibly closer to 2,500.00.

CHOICE SEATED LIBERTY HALF DOLLARS

819–1839 WITH DRAPERY, Brilliant golden Uncirculated, SHARP STRUCK, CHOICE! Probably now worth close to 1,000.00.

1840 PROOF HALF DOLLAR

820–1840 small letters, GLITTERING GOLDEN PROOF WITH BROAD RAISED EDGE BOTH SIDES, since a few of the stars are not completely full we surmise that this specimen was struck later in the year in response to a "special request" and that a regular die was cleaned and polished to fill this "nuisance" order. Probably worth upwards of 3,500.00.

821–1842 Recut Date, Large Letters & Eagle, glittering bluish Uncirculated, SHARP STRUCK, CHOICE! Easily worth over 750.00.

822–1843-O Brilliant Uncirculated GEM! 750.00

823–1846 Tall Date, glittering golden Uncirculated. SCARCE! 500.00

824–1853 ARROWS & RAYS, Extremely Fine & Sharp obverse, virtually Uncirculated reverse with only barest friction, lovely bluish golden patina. Popular. 500.00

825–1854 ARROWS Recut date, virtually Uncirculated, only barest friction, lovely bluish golden patina. 400.00

826–1855 ARROWS, Uncirculated golden, Wire Edge, variety with left claws not quite fully struck up. Catalogs $525 but much higher price records.

827–1855-O ARROWS, Brilliant Uncirculated, claws fully struck up. SCARCE. We noted several at the A.N.A. in a range of 1,000.00.

1855 OVER 4 ARROWS CHOICE PROOF HALF DOLLAR

828–1855/4 ARROWS, BRILLIANT PROOF WITH RAISED EDGE BOTH SIDES, CHOICE! Cross bar of 4 above ball of 5. A lovely specimen of this GREAT RARITY! In strong demand for "type," date and variety. We doubt if $7,500 would turn up another specimen. It will be interesting to see what this brings in this era of "Exceptional Prices For Exceptional Coins."

829–1857 Plain Date, no motto, Brilliant golden Uncirculated. 400.00

830–1858-O Brilliant Uncirculated, SHARP STRUCK GEM! "PRISTINE MINT STATE 70"!

1861-O PROOFLIKE HALF DOLLAR

831–1861-O UNCIRCULATED SHARP STRUCK WITH RAISED EDGE BOTH SIEDS & FULL PROOF SURFACES, some friction in fields and two top stars & top hiar strand not fully struck up. We note "Proofs" have been offered and bringing several thousand dollars. this worth?

832–1863 BRILLIANT BLUE WIRE EDGE PROOF. Lovely specimen! ONLY 460 STRUCK! How many still survive 111 years later?

1861 CONFEDERATE RESTRIKE HALF DOLLAR

833–1861 Restrike by J. W. Scott in 1879; the Confederate die is as SHARP & CHOICE AS ANY WE CAN RECALL SEEING, however the other side (obverse) is as stated in the Guidebook "The restrikes have flattened obverses." The remarkable specimen has a HIGH WIRE EDGE and unusually strong & even impression of the Confederate die; it has a lovely light golden & bluish patina. This exceptional specimen worth over $1,000; perhaps closer to 1,500.00.

834–1873 ARROWS, Brilliant Uncirculated, SHARP STRUCK GEM! "MINT-STATE 70"!

835–1874 ARROWS, Brilliant Uncirculated. Trends $550 but an A.N.A. one was at 750.00.

836–1875 GLITTERING IRIDESCENT WIRE EDGE GEM PROOF! PRISTINE! *How many of the only 700 struck still survive, particularly in this remarkable state of preservation?*

837–1876 Brilliant "Frosty" Uncirculated, SHARP STRUCK WIRE EDGE GEM! PRISTINE!

838–1877 LOVELY GLITTERING IRIDESCENT WIRE EDGE PROOF, CHOICE! Only 510 STRUCK!

CHOICE BARBER & LIBERTY WALKING HALF DOLLARS

839–1895-S Brilliant golden PROOFLIKE, SHARP STRUCK WIRE EDGE GEM!

840–1913-D Brilliant golden Uncirculated, WIRE EDGE GEM! Low Coinage. 750.00

841–1916 Brilliant Uncirculated, SHARP STRUCK GEM! "MINT-STATE 70"! 300.00

842–1917 Brilliant Uncirculated, SHARP STRUCK GEM! "MINT-STATE 70"! 175.00

CHOICE LIBERTY SEATED DOLLARS

843–1843 BRILLIANT PROOFLIKE SHARP STRUCK GEM! PRISTINE! A "Fantastic" specimen free from the characteristic "bag-marks" which plague these large silver coins! *If any "No Motto" type dollar can be called* "MINT STATE 70," *then this one would certainly qualify!* Surely in this era of "Exceptional Prices For Exceptional Coins" this remarkable specimen could now fetch a few thousand dollars.

844–1846-O Brilliant golden "Frosty" Uncirculated, SHARP STRUCK GEM! A glass reveals only faint marks in field, rather than characteristic Large bag-marks. One of the rarest Seated Liberty dollars in this choice state of preservation! *In fact, we can count on one hand the strictly uncirculated specimens of this date and mint that we have seen in our forty-odd years as Professional Numismatists!* Greatly undervalued in unc. Worth a few thousand dollars.

1854 SUPERB PROOF SILVER DOLLAR

LOT NUMBER 845

845–1854 BRILLIANT WIRE EDGE GEM PROOF! PRISTINE! WE DO NOT SEE HOW A CHOICER SPECIMEN COULD EXIST! Scott lists 1854 as the "First Year Of Collectable Proofs" (½c–$1) therefore the demand for this year is much greater than for the earlier years. EXTREMELY RARE IN PROOF, BUT IN THIS REMARKABLE STATE OF PRESERVATION, IT IS EXCESSIVELY RARE! In addition, the "fantastic demand" as the "First Year Of Collectable Proofs" leads us to believe it will bring somewhat over $10,000; perhaps even exceed 15,000.00.

1859 PROOFLIKE GEM SILVER DOLLAR

846–1859 BRILLIANT PROOFLIKE SHARP STRUCK GEM! A most unusual specimen which required our use of a glass before attributing it to be a "business-strike" Uncirculated specimen rather than a proof. The faint porosity of planchet & thin "normal" edge (rather than raised thick edge of proof) establishes its credentials. As such, it is MUCH RARER THAN THE PROOF! A substantial four-figure coin.

847–1867 WITH MOTTO, BRILLIANT WIRE EDGE GEM PROOF! Not many of the only 625 struck over a century ago still survive. We (A.M. Kagin) still recall 'spending" some in the 1930's when business was slow and no one would pay the then $1.35 price.

848–1867 Glittering bluish golden Uncirculated, Sharp Struck with only a few of the usual bag-marks. Probably now a $750 coin; by time of sale possibly closer to 1,000.00.

849–1873 Glittering golden PROOFLIKE, remarkably free from the usual bag-marks which are so characteristic of these large coins; the lack of fullness of stars and top of Liberty's head and tiny planchet chip at eleventh star establishes it as a "business-strike" rather than proof. As a non-proof, MUCH RARER IN THIS CONDITION THAN A PROOF! Have seen similar at $1,500. Present value?

870–1900 Lafayette, BRILLIANT UNCIRCULATED, SHARP STRUCK GEM! FLAWLESS! The choicest specimen we can recall seeing in all our forty-odd years as Professionals! The true rarity of this remarkable coin will be understood by those who have searched for years for such a specimen. The owner says he "refused an offer of $1,000.00." We agree; in fact, if it were in our stock we doubt if it would remain very long there at 1,500.00.

CHOICE "PICKED" COMMEMORATIVE HALVES

Many years were spent assembling this "GEM SET." He never did complete the task as some were just "not good enough." "GEM" compared to ordinary unc. varies considerably in rarity from coin to coin.

$5 DEMAND NOTES OF 1861

EXTREMELY RARE $10 DEMAND NOTE WITH "FOR THE" WRITTEN IN

"FOR THE" WRITTEN IN

964–$10 F8a PAYABLE ON DEMAND at Boston with "FOR THE" Treasurer of the United States written in! About Very Fine with sharp, pleasing color and signatures. This note is OF THE HIGHEST RARITY!! The only records we have of any note approaching this one is a $5 specimen from the much commoner New York Bank (Fla.). That note, in similar condition to this one brought $2,900 after spirited bidding. The Friedberg valuation for that note in V.G. was $700; The note here offered is NOT EVEN VALUATED it is so Rare. Boston is certainly twice as rare as New York and a $10 Demand Note is at least 1½ times as rare as a $5. This Rarity now certainly worth over $7,500; perhaps closer to 10,000.00.

THE UNIQUE 1863 F150A $50 LEGAL

UNIQUE

$50 LEGAL

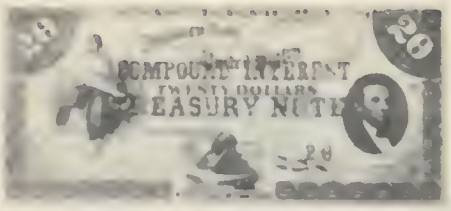
995–$50 F150A 1863 with RARE SECOND OBLIGATION, Low Plate No. 3 and Series No. 2. This specimen appears to be UNBELIEVABLY NEW!! Bright color and broad margins; but close examination reveals minor imperfections. Unlike F150 this note has BOTH NBN & ABN (National and American Bank Note Co.) credits at top. Expert Walter Breen states for F150, "NBN credit at top. Most of the survivors - perhaps a HALF DOZEN or so - are from NEW SERIES 1, one or two from series 2." If this note were F150 it would be Unique or semi-Unique and undoubtedly the FINEST KNOWN! As F150A which is unlisted in any reference books; this note is ABSOLUTELY UNIQUE and as such, an estimate of $25,000 is conservative. Perhaps the owner's valuation of $50,000 is more correct.

RARE $10 COMPOUND INTEREST TREASURY NOTE

These notes were issued during the difficult period toward the close of the Civil War. They were issued to run for three years with interest at 6% compounded semi-annually. The reverse of each note is printed in green with a table showing its value every six months up to maturity. Across the face is printed in large gold letters, "Compound Interest Treasury Note" with the denomination also in gold.

996–$10 F190 Compound Interest Treasury Note dated "Act of June 30th, 1864." Overprinted "Oct. 15, 1864." Redemption value $11.94. Worn but legible with nice margins, usual disintegration of paper (caused by ink overprint). Preserved by the same method used in preserving the U.S. Constitution. The note is basically Fine except for the disintegrated portion. RARE. Catalogs low in 2-year old catalog in Fine at only 1,250.00.

EXTREMELY RARE $20 COMPOUND INTEREST TREASURY NOTE



997–$20 F191 Act of June 30, 1864, Colby-Spinner. Expert Walter Breen who has devoted much time to studying this issue has made some very enlightening discoveries. He states that the $20 Compound Interest notes are MANY TIMES RARER THAN THE RARE $10 ISSUES! Furthermore, there are 8 different date varieties. The commonest is overprinted "Aug. 15, 1864." Of the ONLY 17 KNOWN SPECIMENS there are 8 or 9 of the Aug. 15 date. This specimen is OVERPRINTED OCTOBER 15, 1864!! *According to Breen, there are ONLY 3 SPECIMENS KNOWN of this variety!* This specimen is VERY FINE (actually extremely fine appearing but slight imperfections characteristic of these overprinted notes caused us to reduct it by a grade). This is by far ONE OF THE CHOICEST SPECIMENS KNOWN OF THIS RARITY! Not listed in better than Fine due to its rarity, particularly in better grades.

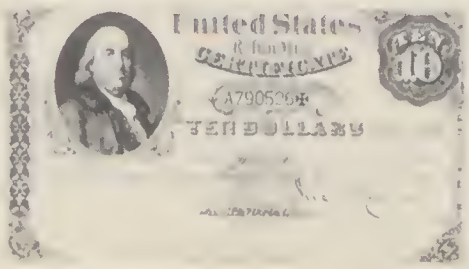
The last time we can recall any $20 Compound note offered in auction was 5 years ago; and this much rarer variety has not appeared since 1957! One may not have another chance to acquire a specimen for quite some time. As such, this outstanding rarity should surely realize over 10,000.00.

THE EXTREMELY RARE PEDIGREED 5% 1864 INTEREST BEARING NOTE

998–$20 F197 One Year 5% Interest Bearing Note Issued under the Act of March 3, 1863, Chittenden-Spinner. Expert Walter Breen states, "[these notes] bore the notice of legal tender; partly because of it, partly because of denominations and interest rate, they circulated where earlier notes were refused or taken only under loud protest. In addition, they were used extensively in paying troops and civilian employees, in preference to old demand notes, fractionals, or other noninterest bearing issues. As a result, the majority of survivors are in poor condition."

Mr. Breen goes on to make an extensive listing of all known notes of this series – there are ONLY 14 KNOWN! Several of which are impounded. This note is THE CELEBRATED ALBERT A. GRINNELL SPECIMEN! lot No. 1077. Basically Very Fine with few minor repairs. Not priced above Fine in Friedberg due to its rarity. This exceptional pedigreed note will probably repose in someone's outstanding collection for many years after this sale. Certain to bring bids well into the middle four figures.

FINEST KNOWN 1879 $10 REFUNDING CERTIFICATE



999–$10 F214 1879 Bust of Franklin, issued in only $10 denominations at 4% simple interest. Last year we were priviliged to offer an exceptional specimen – Uncirculated except for a very slight imprefection – which realized $3,700.00. This specimen is even choicer. In fact, it is NEW, CRISP SUPERB! It is by far the FINEST WE HAVE EVER SEEN IN OUR OVER 40 YEARS! A choicer specimen could not exist! Only less than 200 extant! Ad for CU $4,900; surely this "SUPERB, FINEST KNOWN" worth closer to 10,000.00.

END OF THIRD SESSION

U. S. $1 GOLD

1498–1849 TYPE I, OPEN WREATH, First style with small head NO "L" (Longacre) on bust's truncation (smae reason for 1864 no "L" and with "L" 1c) Extremely Fine. ONLY 1,000 STRUCK making it the SECOND SMALLEST COINAGE of "P" MINT. Scott has it as separate Major Variety. Rarity 5. 500.00

1499–1849 CLOSED WREATH, variety with recut date, about Uncirculated, luster. 225.00

$1 1850-C PROOFLIKE GEM

1500–Lot 1501 of our 11/73 sale described "1850-C BRILLIANT UNCIRCULATED, SHARPLY STRUCK PROOFLIKE, WIRE EDGE GEM! So choice it was acquired as "FINEST KNOWN" about a year ago at $2,000.00." It brought $3,100 there; surely the increased demand for gold dollars since, particularly in top-grade should now send it over 5,000.00.

1501–1850-O UNCIRCULATED SHARP STRUCK, tiny nick on reverse. The RAREST "O" MINT $1. Greatly undervalued in keeping with its rarity.

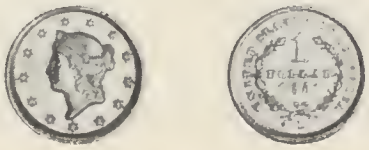
1502–1851 Extremely Fine. Trends 175.00.

1503–1851 about Very Fine (uneven wear). Catalogs V.F. 115.00.

1504–1851-C Brilliant Uncirculated, SHARPLY STRUCK, FULL LUSTER! The few bag-marks keep us from calling it a "GEM," even though it is far superior to most seen. Really rare so choice. From our sale a year ago at $750; probably worth double today.

1505–1851-C virtually Uncirculated, only barest friction. "Market" now around 650.00.

$1 1851-D PROOFLIKE GEM



1506–Lot 1504 of 11/73 sale described "1851-D BRILLIANT UNCIRCULATED, SHARPLY STRUCK PROOFLIKE, WIRE EDGE GEM! *We do not see how a choicer specimen could exist."* It brought $1,800; now this remarkable specimen should exceed 3,500.00.

1507–1851-D Very Fine (acquired as Extremely Fine). SCARCE. Setting new records.

1508–1852 Brilliant Uncirculated, SHARP STRUCK, pinpoint nick away from CHOICE!

1509–1853 Brilliant Uncirculated, Sharp Struck!

1510–1853 Brilliant Uncirculated, choicer than most.

TYPE II $1 GOLD

1511–1854 TYPE II, about Uncirculated, some luster, a few of the usual bag-marks. Trends unc. $2,750; have seen similar at $1,200 to 1,500.00.

1512–1854 Type II, about Uncirculated. RARE. Trends unc. $2,750; this worth close to half.

1513–1855 Type II, Extremely Fine obverse, about Uncirculated reverse. SCARCE. 750.00

1514–1855 TYPE II, Extremely Fine appearing but "brushed" to conceal removal of solder on reverse. Trends E.F. $475; this worth?

$1 1855 TYPE II, CHOICE UNCIRCULATED

1515–1855 Brilliant Uncirculated, Rare variety with SHARP STRUCK DATE! Seldom seen thus. In this remarkable condition, it should surely bring close to 5,000.00.

1516–1855-O TYPE II (only "O" this type) Extremely Fine. RARE. Trends $1,000 but we saw one about similar at A.N.A. at 1,450.00.

1522–1859-S about Uncirculated, traces of luster. SCARCE. 550.00

$1 1860 GEM PROOF

1523–1860 BRILLIANT GEM PROOF! A lovely specimen of this GREAT RARITY! In the Wolfson sale (Stack's Oct. 1962) they stated "We presume that less than 20 pieces were struck" and conservatively estimate its value at $600.00." It brought $560.00. Choice proof gold prices have been bringing about ten times that realized at the Wolfson sale, therefore we feel this *GREAT RARITY* will now bring upwards of $5,600; perhaps closer to 10,000.00.

1524–1873 Open 3, Brilliant Uncirculated, Prooflike with Wire Edge!

1525–1874 Brilliant Uncirculated with PROOFLIKE reverse, faint line on hair.

1528–1883 PROOFLIKE, Sharp Struck with Wire Edge! SCARCE. 500.00

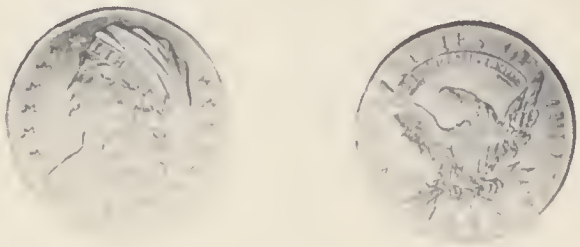
1529–1886 Over 5? (some call it an overdate, others say recut 6) PROOFLIKE (have seen similar sold as "PROOF"). Low coinage. Now worth upwards of 500.00.

$2½ GOLD CAPPED BUST RIGHT

1530–1802, 2 Over 1, UNCIRCULATED WITH ATTRACTIVE PATINA, usual later die state with "1" faint under 2 and some stars not fully sturck up. OBVERSE STARS 8X5 (considered as "type" by many as 1805 changed to 7X6 STARS). A.N.A. one 10,000.00

1531–1807 OBVERSE STARS 7X6, virtually Uncirculated, only barest friction. A choice specimen of this popular "type" coin. Superior to the AU we saw at 5,550.00.

1808 $2½ GOLD CAPPED BUST LEFT, UNCIRCULATED



1532–1808 BRILLIANT UNCIRCULATED. EXTREMELY RARE "ONE YEAR TYPE"! *Scott states "Excessively rare in unc."* We have checked back a number of years and cannot find where we have had the privelege to catalog a specimen anywhere comparable to this remarkable one. We doubt if $25,000.00 would produce an equal specimen today. It will be interesting to see what this brings in this era of "Exceptional Prices For Exceptional Coins."

1831 $2½ SMALLER BUST, UNCIRCULATED

1533–1831 UNCIRCULATED WITH SOME PROOFLIKE SURFACE, RAISED EDGE BOTH SIDES, a glass reveals just the faintest rub and pinpoint nick in field. RARE! Recent prices for specimens of this type seem to range from $7,500 to about 10,000.00.

1534–1836 Borderline Uncirculated, only a rub away from Unc. Trends unc. $975; this 650.00.

1535–1839-C about Uncirculated, fairly sharp strike, pinpoint nick. Could exceed 1,000.00.

1536–1839-O about Uncirculated with traces of luster, low coinage. Popular "Mint Mark Below Bust" type. SCARCE. Trends unc. $1,100; this worth about 750.00.

1537–1840-O Uncirculated, choicer than most. Porbably now worth over 400.00.

$2½ 1844-C UNCIRCULATED GEM

1538–1844-C Brilliant Uncirculated, SHARP STRUCK WIRE EDGE GEM! Surely a candidate for "FINEST KNOWN"! Easily a substantial four-figure coin.

1539–1845-D Extremely Fine. Setting new records. 500.00

1540–1846 Extremely Fine. Low coinage.

1541–1846-D virtually Uncirculated, only barest friction, SHARPLY STRUCK with much luster. Acquired as "OVERDATE 6 OVER 5" but it has still not been determined whether it is an overdate or recut date. Trends unc. $650 (regular date); surely this specimen worth upwards of 850.00.

1542–1847-C virtually Uncirculated, only barest friction, much luster. Recent price 750.00.

1543–1849-D virtually Uncirculated, only barest friction. Acquired as "POSSIBLE OVERDATE 9 OVER 8." Low coinage. 750.00

1544–1850 Extremely Fine. 150.00

1545–1850-D virtually Uncirculated, only barest friction. Low coinage. 750.00

1546–1852-D Brilliant Uncirculated. RARE! Surely worth a substantial four-figures.

CHOICE $2½ 1854-S --- THE RAREST QUARTER-EAGLE

1547–"1854-S EF, struck on a slightly rough planchet as all are. The low mintage of 246 was the result of difficulty in obtaining the acids to remove silver from the native gold."

"Unquestionably THE RAREST OF ALL QUARTER-EAGLES, WITH 9 SPECIMENS KNOWN, mostly VG-fine grade or worse! Probably, this specimen is finest or 2nd finest known."

"Not only is this coin a great rarity, it is also a coin about which there is absolutely no controversy. It was struck for circulation, not for collectors, and as such it is even more desirable."

"We are proud to offer this coin, one of the great U.S. gold rarities, ex Krug collection and Jack Klausen, at what we feel will prove to be a modest price. $75,000.00"

The above is with the coin and seems to cover its background. It was in an ad of a leading Eastern dealer earlier this year. There was a specimen at the A.N.A. convention sold by a leading New York dealer at $80,000.00. It will be interesting to see what this GREAT RARITY now brings in this rapidly rising market.

$5 1795 UNLISTED DIE

1611–1795 SMALL EAGLE, date 179 5 with RECUT 5 (top final 5 recut to right from original 5) first star attached to curl, Uncirculated appearing with pleasing patina but a glass reveals that not quite all breast feathers are full. *A lovely specimen of this GREAT RARITY!* Surely this EXCESSIVELY RARE (perhaps *"Unique"*) variety worth upwards of 25,000.00.

1612–1798 Large Eagle, small 8, Breen 6 obv. (date 1 7 98 with 8 distant from bust) acquired as "UNCIRCULATED" but a glass reveals faint rub on obverse. *The reverse is Uncirculated with some Prooflike surface.* Breen calls it "Rarity 5, I doubt if it will quite reach the R-6 level, but it is definitely RARE." Compared to Large 8, 13 star reverse (Rarity 3) this would then be worth a few thousands, probably over 6,000.00.

1613–1800 Uncirculated with yellow tint, some Prooflike surface. Market now seems to be around 4,000.00.

1614–1811 small 5, DRAPED BUST LEFT, Brilliant Uncirculated appearing but close inspection with glass reveals just the faintest rubbing. A lovely specimen for "type" or date. We noted comparable specimens at Aug. A.N.A. at $3,150 to 3,950.00. Present value?

1615–1813 CAPPED BUST, Borderline UNCIRCULATED, only slight rubbing visible when closely examined. *Popular "FIRST YEAR OF TYPE."* Have seen two similar at A.N.A. priced $3,750 and 4,500.00.

EXTREMELY RARE 1826 $5 GOLD

1616–1826 about Uncirculated, ex. Miles collection. One of the GREAT RARITIES OF THE $5 SERIES! The last specimen on the market was $15,000.00. Surely in this rapidly rising market this rarity should now bring somewhat more.

$5 1829 LARGE DATE

1617–1829 LARGE SIZE, TYPE 1828 (Large planchet, date, stars, letters). Walter Breen in his monograph "Early United States Half Eagles 1795-1838" states "Type of preceding years. Large planchet, border of radial lines, large numerals (as in the half-cents of the year) large stars.

R-7. Five specimens are known, one impounded in a museum. (1) Omaha City Library, ex Byron Reed estate, ex Parmelee 988 at $52. Pictured in the Parmelee catalogue. Brilliant unc. (2) Eliasberg, ex John H. Clapp, ex Harlan P. Smith. Unc. Pictured in Standard Catalogue and Guidebook. (3) Dr. Clifford Smith 1691 (1955 N.Y. Metropolitan Convention Sale), ex Farouk, ex Col Green, apparently from Newcomber. If the coin was ever owned by Woodin, it was only after 1914, as it is not mentioned in ANS in 1914. Pictured in the Smith catalogue. Brilliant unc. This piece opened at $4,000 and was bid up to $11,000 in a fantastic floor fight which had the whole numismatic world agog. (4) Atwater 1646, earlier source unknown. Mehl neglected to name pedigree or even grade in a description occupying some twenty-six lines. Present location unknown. The photograph indicates that it is more or less uncirculated. (5) 1964 ANA Convention Sale, lot 2863, ex E. Shapiro, said to have been discovered in Europe. Fine, mutilated on reverse by having mounting removed; the coin had originally been part of a brooch or tie-clip or similar ornament, and parts of the wings and shield have been re-engraved to restore some part of the detail lost in the gold solder."

This is number (5), the 1964 ANA Convention Sale specimen. It was last offered at $75,000.00. At the recent ANA Convention, there were several coins offered at $100,000.00 to $250,000.00 each and for the most part, they were not as rare as this coin. HOW MUCH RARER CAN A U.S. GOLD COIN BE?

$5 1829 SMALL DATE, SMALL DIAMETER

1618–1829 SMALL SIZE, TYPE 1830 (small planchet, date, stars and letters). Walter Breen in his monograph "Early United States Half Eagles 1795-1838" states "About 1/16 smaller than previous dies. Border of round beads within a plain raised rim, similar to that on the quarter-eagles, dimes and half-dimes of the year. Small date, apparently from the punches for the dimes of the year; small stars. New head punch by William Kneass (as is the entire composition), and differing from the 1818-28 head punch in numerous small details, but no major ones. The differences are largely in the curls—note particularly those in front of ear.

R-7. Six known of this rarity. (1) Smithsonian. (2) Norweb collection, ex Farouk, Col. Green, Newcomer, Ten Eyck, Parmelee 989 at $65. (3) Omaha City Library, ex Byron Reed estate; earlier source unknown. (4) 1963 Miami F.U.N. sale, lot 4187, at $21,500, ex unknown intermediate owners, ex Dunham 2102, H.P. Smith 219 (1906), Foster Ely collection (November 1888). Unc., first strike, faint traces of cabinet friction; pictured in the Standard Catalogue. (5) Eliasberg, ex Clapp, also close to mint state. (6) Melish 1953, at $8,400; earlier provenance unknown."

Breen further states "Four specimens of each type (1829 Large & 1829 small) in private hands." Since then, the Lily collection said to contain one of the other specimens, has become part of the Smithsonian Museum.

This is number (6) Melish 1953 and is virtually Uncirculated with Prooflike surface and Wire Edge! It was last offered by a leading Eastern dealer at $175,000.00. In May, Stack's auctioned the 1907 Extra High Relief double eagle which brought $200,000.00. Now we note an 1885 Trade Dollar (5 known) being offered at $300,000. At the A.N.A. the unique pattern 1907 double eagle was valued at $1,000,000.00 (one million dollars). In this era of "Exceptional Prices For Exceptional Coins" it will be interesting to see what this outstanding rarity brings.

Perhaps an equal specimen could theoretically exist but WE DO NOT SEE HOW A CHOICER SPECIMEN IS POSSIBLE! An incredible specimen of the THIRD RAREST DAHLONEGA MINT $5. Scott states "Extremely Rare In Unc." It brought $5,750.00. The sharp rise in values the past year for "Finest Known" in gold coins has been quite marked. $10 GOLD 1865-S OVER INVERTED 186

1706–Lot 1695 of our 11/73 sale descirbed "1865-S in plastic lettered "1865 OVER 981 1988615 (similar to 1841 Over 81 and 1851 Over 81 1c, "SAN FRANCISCO MINT" "MAJOR ERROR DIE"). **Extremely Fine but actually deserving a higher grade as the flattening of the top curl over ear may be partially due to the die rather than completely attributable to wear.** Acquired earlier this year – notation has "Discovery Piece," Gilhousen E.F. $1,300; bargain A.U. at $1,750." **A most interesting and rare piece.** It realized $2,100; now a year later it should surely be worth closer to 3,500.00.

1707–1871 about Uncirculated, Sharp with traces of luster. RARE IN ANY CONDITION BUT EXTREMELY RARE SO CHOICE! **Scott states "R-6"! Surely worth upwards of 2,500.00**

1708–1875-CC Very Fine obverse, Extremely Fine reverse. Scott states "CC" always weak." **rare!**

$10 CHOICE 1879-O

1709–Lot 1700 of our 11/73 sale described "1879-O Extremely Fine & Sharp with Considerable Mint Luster! The Gilhousen catalog stated 'Probably no more than 25 pieces exist.'" That V.F. coin brought $1,250.00. This somewhat superior specimen should now bring somewhat more, possibly closer to $2,000.00." It realized $1,750.00. Now, after a year of rapidly rising prices, particularly in gold, we feel this **GREAT RARITY** will bring over 3,500.00.

1710–1879-S Uncirculated with usual bag-marks. 250.00

1711–1881-CC Extremely Fine. SCARCE. Worth at least 500.00.

1712–1882 Extremely Fine (excessively cleaned).

1713–1883-CC Recut close "CC" **(unlisted in Breen's monograph)** Extremely Fine with traces of luster. Scott states "Excessively rare in unc." **RARE DATE, MINT & VARIETY!**

$20 1850 PROOFLIKE GEM

1736–Lot 1726 of our 11/73 sale described "1850 Brilliant Uncirculated, SHARPLY STRUCK, slightly Prooflike, GEM! The A.U. Gilhousen coin in Feb. brought $2,000; since then we have seen "Unicrculated" ones offered at $3,000; $3,500 and one at Boston A.N.A. at $4,000.00." It brought $4,500.00. The sharp rise in values since then, particularly for top-quality gold, leads us to believe this remarkable specimen will now fetch over 7,500.00.

1737–1850 Very Fine (some minor abrasions). First year. Trends 450.00.

1738–1851 Extremely Fine. 400.00

$20 1866 MOTTO, PROOFLIKE

1747–Lot 1737 of our 11/73 sale described "1866 GLITTERING YELLOW PROOFLIKE, SHARP STRUCK WITH RAISED EDGE! Close inspection with glass reveals some porosity on obverse but not on reverse. A "Fantastic" specimen acquired as "PROOF?". *We don't recall seeing another quite like it.* The A.U. Gilhousen brought $500 in Feb." It realized 1,500.00. We believe this remarkable specimen will now fetch over 3,000.00.

1748–1867 Uncirculated with orange luster. RARE. Trends bit low at only $925; easily worth over 1,000.00.

1749–1874 Brilliant Uncirculated, Choicer than most with only a few of the usual bag-marks. In demand for "TYPE II" ("TWENTY D."). Trends $500; this worth 650.00.

1754–1877-CC virtually Uncirculated, only barest friction. SCARCE. Trends unc. $750; this worth about 600.00.

1755–1878-CC Very Fine & Sharp bordering on Extremely Fine. SCARCE! The trends of only $850 for E.F. seems low in keeping with its LOW COINAGE.

1756–1879-CC Extremely Fine. RARE. Catalogs low at only 1,000.00.

$20 1879-O UNCIRCULATED

1757–1879-O BRILLIANT UNCIRCULATED with only a nominal amount of the usual bag-marks. Notation has "PROBABLY 2ND OR 3RD FINEST KNOWN"! *Scott states "Extremely rare in unc."* Trends indicates its rarity by giving it a theoretical value of $7,500.00. The reason it is "theoretical" is that we cannot find any record of a choice specimen such as this selling sufficiently recent to be meaningful. If this remarkable specimen were in our stock, we doubt if it would remain there very long at $15,000 oreven closer to 20,000.00.

1758–1883-CC Brilliant Uncirculated. SCARCE. Trends $825 but the one at A.N.A. was 1,150.00.

1759–1884-S Brilliant Uncirculated, Choicer than most! Trends $360; this worth more.

1767–1905-S Brilliant Uncirculated, CHOICE! Trends 360.00.

1768–1906-S Brilliant Uncirculated, a few of the usual bag-marks.

$20 GOLD 1907 ROMAN DATE UNCIRCULATED GEM

1769–1907 ROMAN DATE MCMVII, struck in high relief with center higher than edges, BRILLIANT UNCIRCULATED GEM! The much rarer (than usual wire rim) variety with flat rim. In addition, since it doesn't have the protection of the wire rim, it is more difficult to obtain without friction. SELDOM OFFERED SO CHOICE! Acknowledged as the "Most beautiful U.S. coin." The last comparable specimen was in Stack's May sale where it fetched $5,250.00. The continuing strong market since leads us to believe this remarkable specimen will now bring over 6,500.00.

1770–1907 NEW TYPE, low relief, Brilliant Uncirculated, a few tiny bag-marks. Trends 360.00

1771–1908 No Motto, Brilliant Uncirculated, Choicer than most. Trends 340.00.

1784–1926-S Brilliant Uncirculated, Choicer than most! RARE! 1,750.00.

1785–1927 Brilliant Uncirculated, Choicer than most! Trends $340; this worth more.

1786–1928 Brilliant Uncirculated, CHOICE!

GOLD 1907 GEM PROOF SET $2½-$5-$10-$20

1787–1907 $20, $10, $5, $2½ BRILLIANT WIRE EDGE GEM PROOFS! A lovely set mounted in plastic. Judging from what individual specimens have brought (we doubt if they could all have been the equal of these exceptional specimens) this desirable set should bring upwards of 25,000.00.

$20 GOLD 1904 "ORIGINAL" CHOICE ROLL

1788–1904 "An Original Roll of $20.00 U.S. GOLD Liberty Head Type - 1904 Philadelphia Mint" lettered on large plastic holder containing 20 coins in three rows: 7,6,7. All are BRILLIANT UNCIRCULATED ranging from "CHOICE," "GEM" to even "SUPERB"! We have never encountered anything quite like this before, therefore find it difficult to evaluate this "UNIQUE DISPLAY" item. Surely it should bring over $7,500; perhaps closer to $8,500 or even 9,000.00.

$10 GOLD 1901-S "ORIGINAL" CHOICE ROLL

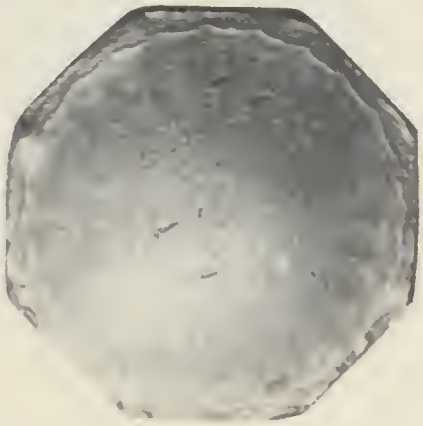
1789–1901-S "An Original Roll of U.S.A. $10.00 LIBERTY HEAD GOLD COINS 1901 - San Francisco Mint ---- 20 Coins - Mint Condition" lettered on large plastic holder containing 20 coins in three rows: 7,6,7. All are BRILLIANT UNCIRCULATED "GEMS" TO "SUPERB"! Individually, these Exceptional specimens would easily bring from $300 to $500 each, but as a *UNIQUE DISPLAY* item it should surely be worth more - probably somewhere between $7,000 and 10,000.00.

GOLD TYPE SET IN PLASTIC

1790–$20 1883-S, 1922 Unc., usual bag-marks; $10 1901, 1926 about Unc.; $5 1895 about Unc; 1910-D V.F.; $3 1887 virtually Unc., only barest friction; $2½ 1907 Brill. Unc.; 1915 about Unc.; $1 1853 about Unc, 1854 Type II E.F. (slight bend) pinpoint nick, 1861 about unc.

LOT NO. 1811 – 1915 PAN-PACIFIC SET – PAGE 119

$50 LETTERED EDGE 1851 HUMBERT



1791–50 D C (cents) UNITED STATES OF AMERICA 887 Thous. around eagle; rev. circular design as on watch-case back (Humbert was a watch-case maker) with "50" in center. Sunk in Edge: AUGUSTUS HUMBERT UNITED STATES ASSAYER OF GOLD CALIFORNIA 1851. A SUPERIOR SPECIMEN OF THIS RARITY! Only slight friction with typical handling or contact marks characteristic of these large soft gold coins, considerable luster. REMARKABLE SHARP "50" which usually comes a little weaker on what few specimens we have seen during our Forty-Odd Years as Professionals.

These "ingots" (official U.S. government term) were called "slugs" or "Quintiple Eagles" and circulated rather extensively, thereby acquiring many bruises and abrasions from being thrown on the saloon bars, dropped on floors, or banged on tables in commercial transactions. California believed in "hard money," therefore very little paper money circulated. Since these $50 Gold pieces contained slightly more gold than the face value, it was inevitable that they were melted for their intrinsic gold metal value. It is remarkable that any have escaped the melting pot, particularly in this choice state of preservation.

The $50 GOLD "SLUG" is the "MOST REPRESENTATIVE of the PRIVATE & TERRITORIAL GOLD OF THE WEST" as this denomination was struck only in California for a relatively short period as a temporary expedient to accomodate the Californians until the establishment of a permanent Branch-Mint (as was done in 1854).

Among THE RAREST OF THE $50 GOLD "SLUGS"! This is one of ONLY 3 OR 4 SPECIMENS we have handled and is the *CHOICEST SPECIMEN* OF THIS RARE "TYPE" TO PASS THROUGH OUR HANDS IN OUR FORTY-ODD YEARS AS PROFESSIONAL NUMISMATISTS! We have seen comparable specimens of the "common" reeded edge type during the past year at $15,000.00 to over $20,000.00. Surely this EXTREMELY RARE type one worth substantially more.

EXCESSIVELY RARE $20 1852/1 HUMBERT (U.S. ASSAY OFFICE)

1792–TWENTY DOLS. UNITED STATES OF AMERICA 884 Thous. around eagle; rev. AUGUSTUS HUMBERT UNITED STATES ASSAYER OF GOLD CALIFORNIA 1852. Collected both as a UNITED STATES COIN and PIONEER GOLD COIN since it was struck for the U.S. Government under contract by what later (1854) became The U.S. Mint at San Francisco. **The Humbert & U.S. Assay Office pieces should be listed separately in the reference books under** "PROVISIONAL U.S. MINT GOLD."

This is understandable when one realizes that **only 7,500 were struck in a period of less than one month** compared to **hundreds of thousands of the others. We have been able to trace** ONLY 6 SPECIMENS KNOWN! **This is one of the choicest, being virtually Uncirculated, SHARP STRUCK!** Close examination with glass reveals it has been cleverly "brushed" so that the removal of some minor abrasions is difficult to detect. In fact, it was described as **"Brilliant Uncirculated, possible Finest Available to collectors."** In this era of $50,000.00 to $100,000.00 for coins of lesser rarity, it is difficult to know how to value such a GREAT RARITY. For instance, the $10 1852 Wass, Molitor in the A.N.A. Sale (probably 40 or 50 known) brought $4,750.00. The $50 1855 Kellogg (13 known) sold earlier this year at $85,000.00 and was offered at the A.N.A. at $115,000.00. **It is hard to keep up with the "explosion" in values taking place this year in "Pioneer Gold."** We note several patterns at A.N.A. priced $200,000.00; $225,000.00 and even one valued at $1,000,000.00 (one million dollars). In addition, a number of coins **("popular" – not necessarily "Rare" coins)** are now in the $25,000.00 to $50,000.00 class.

If Rarity and Condition is any criterion of value, then this GREAT RARITY **should be worth upwards of $50,000.00.** The "common" $20 1853 U.S. Assay Office (several hundred known including many uncirculated, and even several proofs) now brings from $3,500 to $5,000.00 for unc. **Surely this GREAT RARITY must then be among** "THE GREATEST BARGAINS IN THE U.S. COINAGE"! We confidently expect some knowledgable collector or dealer to carefully evaluate the evidence and realize the tremendous potential of this GREAT RARITY compared to 1804 $1 ($200,000.00), 1885 Trade $ ($300,000.00), 1855 Kellogg $50 ($115,000.00), Etc.

UNLISTED VARIETY $10 1852/1 & $10 1852 AUGUSTUS HUMBERT

1793–1852 OVER 1 with diagnostic bisecting reverse die break, clear overdate. Extremely Fine with center spot (due to die failure) not quite as sharp as balance of coin. STRUCK ONLY BETWEEN FEBRUARY 11 & 14, 1852! GREATLY UNDERVALUED IN KEEPING WITH ITS RARITY! The Very First Eagle Manufactured In California Under Federal Authority. The reverse die on this piece is entirely different than that on the perfect date variety, which was issued almost simultaneously, being pressed into use when this "Emergency" reverse disintegrated. Superior to the A.N.A. one at $2,950; surely this elusive coin now worth upwards of 3,500.00.

1794–1852 TEN DOLS. UNITED STATES OF AMERICA 884 Thous.; AUGUSTUS HUMBERT UNITED STATES ASSAYER OF GOLD CALIFORNIA 1852, Extremely Fine & Sharp with traces of Luster. Envelope has "Error In United ((IINITED)) similar to 1801 cent 3-errors," $1,950.00. The "explosion" in Pioneer Gold values this year leads us to believe this interesting coin will now exceed $3,000; perhaps 3,500.00.

$10 & $20 U.S. ASSAY OFFICE CALIFORNIA

1795–$10 1852 UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO CALIFORNIA, Uncirculated, tiny edge nick. Popular. Should exceed 2,000.00.

1796–$20 1853 900 Thous. variety, BRILLIANT UNCIRCULATED. One recently noted at $3,500 but its strong demand leads us to believe it will now bring more.

1797–$20 1853 another in about Uncirculated with traces of luster, pinpoint nick. Present market seems to be around $2,000; perhaps a bit more.

EXTREMELY RARE $10 1853 U.S. ASSAY OFFICE

1798–TEN D. UNITED STATES OF AMERICA 900 Thous.; rev. UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO CALIFORNIA 1853., about Uncirculated, quite sharp with raised edge both sides, much luster. A remarkably choice specimen of this rarity! ONLY 9.679 STRUCK IN A SINGLE MONTH! Much Rarer than the 884 Thous. variety! Lacking in most of the fine collections. For some unexplainable reason, this coin does not reflect its true value in reference books (perhaps it is confused with the common 1852 U.S. Assay piece).

This Choice specimen is "CONDITION-CENSUS" *(among the 6 Finest Known)* of the LESS THAN 20 SPECIMENS KNOWN! Compare this to the many hundreds of the common 1852 known. The $7,500 on the envelope now looks ridiculously low for this RARITY in this "Explosive" market for choice & rare Pioneer Gold. Certainly many times rarer than the 1795 $10 we saw at A.N.A. at $27,500.00. Excellent investment potential for the astute collector or dealer who takes the time to research the true rarity of this exceptional coin compared to what less rare ones are bringing.

SECOND FINEST KNOWN $10 1849 MINERS BANK

1799–TEN D. MINERS BANK SAN FRANCISCO; rev. CALIFORNIA above eagle, BRILLIANT UNCIRCULATED, PROOFLIKE! This is the only denomination and year for this company. This is the MUCH RARER OF THE TWO VARIETIES! It has wide reeding (the variety generally encountered over the years has been the close reeding ones). It is THE SECOND FINEST KNOWN (the Finest Known reposes in the Clifford collection presently on public display at the SAN FRANCISCO MINT until January 1st. The Clifford collection of Pioneer Gold is the LARGEST & FINEST IN EXISTENCE! We were fortunate to have the privilege of acquiring this collection at the A.N.A. convention in One Of The Largest Transactions In Numismatic History).

We note a specimen of the more readily available close reeding variety in lesser condition offered at $12,500; surely this EXTREMELY RARE TOP-GRADE one worth well over 25,000.00.

$10 1849 & $5 1850 MOFFAT & CO.

1800–$10 1849 MOFFAT & CO., Sharp Extremely Fine obverse; reverse about Uncirculated! TEN DOL. variety. RARE, PARTICULARLY SO CHOICE! According to records, this is "CONDITION-CENSUS" (top 6 known)! Over a year ago a VF-XF specimen brought $1,200; since then, the "explosion" in Pioneer Gold values (particularly for choice ones as this) leads us to believe the $3,500 on the envelope is somewhat conservative.

1801–$5 1850 MOFFAT & CO., S.M.V. (Standard Mint Value) CALIFORNIA GOLD, Very Fine, pinpoint nick. Popular. 750.00

EXCESSIVELY RARE $10 1849 MORAN & CLARK PATTERN

1802–Undated (1849-50) MORAN & CLARK around WARRANTED 10 DOLLS. MINT VALn.; rev. SAN FRANCISCO CALIFORNIA around 11 DWT. 8 GR. 20½ CARAT. Although imprinted San Francisco, the firm of Moran & Clark was located at Sacramento. All specimens known (including this) were struck in copper. UNLISTED VARIETY WITH "A" over "E" (CARET corrected to CARAT). *In the few instances where a MORAN & CLARK has been described, no reference was made to this error!* ONLY 6 SAID TO BE KNOWN! 3 are impounded leaving ONLY 3 AVAILABLE OF ALL VARIETIES! Could this Error be UNIQUE since it was not described in the listings?

This is a Nice Extremely Fine although a glass reveals a tiny edge nick, mounted in plastic. The strong interest now in Pioneer Gold should elicit bids well over $10,000; perhaps closer to 15,000.00.

$5 1850 BALDWIN & CO.

1803–$5 1850 BALDWIN & CO., about Uncirculated with traces of luster. *THE SHARPEST STRUCK SPECIMEN WE CAN RECALL SEEING IN OUR MORE THAN FORTY YEARS AS PROFESSIONAL NUMISMATISTS!* A rarity in any condition but EXCESSIVELY RARE IN THIS REMARKABLE STATE OF PRESERVATION. Well worth upwards of 10,000.00.

EXCESSIVELY RARE $10 1851 BALDWIN & CO.

1804–$10 1851 BALDWIN & CO.; this company issued $5, $10 and $20 denominations in 1850 and 1851. Among them is the popular $10 Vaquero or "Horseman" type of 1850. However this Liberty Head 1851 type is FAR RARER and missing in most of the larger collections. HIGHLY UNDERVALUED IN KEEPING WITH ITS GREAT RARITY! All are flatly struck but this superior specimen is SHARPER STRUCK THAN MOST OF THE FEW SEEN OVER THE YEARS. It is ABOUT UNCIRCULATED WITH LUSTER but has had a scratch removed from field. This type has appeared at auction ONLY 9 TIMES! It is among THE RAREST OF THE PIONEER GOLD SERIES! This particular specimen is the SECOND SHARPEST KNOWN (again, the Finest Known is in the Clifford-Kagin collection). The commoner "Horseman" type in the same condition brought $17,000.00 over a year ago. This Rarer Type now worth over 25,000.00.

EXCESSIVELY RARE $10 1852 WASS MOLITOR – SMALL HEAD

1805–$10 1852 WASS MOLITOR & CO./S.M.V. (Standard Mint Value) CALIFORNIA GOLD TEN D. *with the* EXCESSIVELY RARE SMALL HEAD! ONLY 8 SPECIMENS KNOWN! Of these, 3 are in institutions, leaving ONLY 5 AVAILABLE TO COLLECTORS! The finest (Clifford-Kagin collection) is Extremely Fine with others somewhat worn. This specimen is Very Good to about Fine (uneven wear due to being struck from dished dies). It is suprisingly clear and nice even appearance for the grade, usual porosity of planchet. An opportunity to acquire this EXCESSIVELY RARE TYPE may not occur again for several years. Needless to say, even the top collections do not have this type. Certainly a substantial five-figures coin.

$10 1852 WASS, MOLITOR & CO.

1806–1852 Large Head, pointed bust, envelope has "BU" but after close examination we would rather call it "VIRTUALLY UNCIRCULATED WITH MUCH LUSTER." The bust (including hair) is REMARKABLY SHARP but due to the characteristic striking from "dished dies" (as are all the specimens we have seen during the past 40 years) resulting in the stars not being full; the center of the reverse being struck up too high shows just the barest friction. One of the Choicest Specimens Known! The uncirculated one in the A.N.A. sale (Aug.) realized $4,750; this worth proportionately.

1807–California Fractional Gold ½ DOLLAR CAL. 1875 Indian, octagon, Brilliant Proof.

COLORADO GOLD

CHOICE 1860 $2½ CLARK, GRUBER PIKE'S PEAK GOLD

1808–From our 301st sale therein described as, "$2½ 1860 'CLARK & CO.' on coronet, rev. 'PIKES PEAK GOLD DENVER', lovely BRILLIANT UNCIRCULATED SPECIMEN with BROAD RAISED EDGE BOTH SIDES, SHARP "SQUARE" PERFECT REEDING (generally associated with PROOFS or SPECIMEN Strikes) SHARPLY STRUCK with VERY RARE EARLY DIE STATE showing only beginning stage of die failure at center (only ear of Liberty & corner of shield on corresponding position on reverse not fully struck up). EXTREMELY RARE IN THIS REMARKABLE CONDITION!"

The popularity of this series has increased substantially in the last year - especially for those in "Top Condition." The $2,900 realized for this piece a year ago is now a "bargain." Surely this exceptional specimen now worth over 3,500.00.

1861 $5 CLARK, GRUBER & CO. PATTERN

1809–$5 1861 Clark, Gruber & Co. struck in copper. A trial strike, this specimen is UNCIRCULATED Brown with a hint of red. It is easily authenticated as the E in FIVE is struck over another E as it is on the gold pieces. This is actually far rarer than the gold coin, and few have been offered in recent years. A much inferior specimen sold over a year ago for $600; surely this Choice Piece now worth close to 2,000.00.

RARE 1861 PATTERN $20 CLARK, GRUBER & CO.

1810–$20 1861 Clark, Gruber & Co. struck in copper (reeded edge) and GOLD PLATED. This is an exceptional BRILLIANT UNCIRCULATED with absolutely no hairlines, tiny spot on reverse edge. One of the CHOICEST SPECIMENS WE HAVE HANDLED! This is understandable since Scott catalog states it is RARITY 7 (ONLY 7 TO 9 KNOWN)! In addition, this is the RARE VARIETY with V recut over N in DENVER. We have seen similar specimens sell 7 years ago for over $1,600; surely this RARE specimen worth much more today.

CHOICE COMPLETE 1915 PAN-PACIFIC SET $50-$50-$2½-$1-50c

PHOTOGRAPH ON PAGE 112

1811–1915 PANAMA-PACIFIC SET consisting of $50 Octagon, $50 Round, $2½, $1, 50c BRILLIANT UNCIRCULATED, CHOICE! A lovely set mounted in plastic, FAR SUPERIOR TO MOST OFFERED! Struck to commemorate the PANAMA-PACIFIC EXPOSITION, SAN FRANCISCO.

The $50 bears the helmeted head of Minerva; rev. the owl (symbol of wisdom); the octagonal has dolphins in the eight angles on both sides. The $2½ has Columbia with a caduceus in her left hand seated on a hippocampus typifying the use of the Panama Canal; rev. American eagle. The $1 has head of a man representing a Panama Canal Laborer; rev. two dolphins. The 50c (struck at S.F. mint) has Columbia with the golden gate in the background; rev. eagle (also the first commemorative coin to carry the motto IN GOD WE TRUST).

This popular set has risen substantially in value the past two years going from about $12,500 to its present value of about $35,000.00 (the price for a set at A.N.A.). It will be interesting to see what it goes to in the coming two years.

CHOICE $1 & $2 GOLD COMMEMORATIVES

1814–$1 1904 LEWIS & CLARK, BRILLIANT WIRE EDGE GEM! So choice it was acquired as a "PROOF." It is certainly deceptive and we had to examine it quite critically before determining it was not a full proof. Probably struck from the dies after the few proofs were struck. Easily worth upwards of 2,500.00.

1815–$1 1905 LEWIS & CLARK, Brilliant Uncirculated with some prooflike surface. Probably worth around 1,750.00.

CHOICE 1801 $10 GOLD

1850–1801 Brilliant Uncirculated with PROOFLIKE Reverse but close inspection with glass reveals faint rub on obverse. A lovely specimen setting new records. The one in our July sale realized $7,100.00. The rise in market values since leads us to believe this choice specimen will now bring somewhat more, perhaps closer to 10,000.00.

1851–1867 about Uncirculated with traces of luster. RARE! Seldom offered, particularly so choice. Worth upwards of $1,500; perhaps closer to 2,000.00.

1836 COPPER DOLLAR, ONLY 2 KNOWN!

1860–1836 Judd 64, Copper restrike with plain edge, GOBRECHT'S NAME BELOW BUST, reverse die of 1838 with Flying Eagle in plain field, lovely glittering Red and Bluish PROOF, CHOICE! ONLY 2 KNOWN! This is the Parmalee specimen (sold 1890); Farouk collection (Palace sale 1954); Austin collection 1973.

It is difficult to venture an opinion what such a highly desirable rarity might now bring but comparing it with other desirable pieces of similar nature we feel its present value to be someshere around 25,000.00.

PATTERN $1 1885 REGULAR DIES WITH E PLURIBUS UNUM ON EDGE

1861–1885 J-1747, Regular Dies with E PLURIBUS UNUM on edge (as on 1907 Roman Date $20), Snowden's Experimental piece struck in silver, BRILLIANT CHOICE PROOF but has tiny "test-mark" on edge. A lovely and popular piece. The $7,500 on the envelope now seems conservative after seeing what less desirable patterns brought at the A.N.A. and earlier this year. We believe this highly desirable specimen will now bring well over 10,000.00.

PATTERN $1 1871 J-1138a, UNIQUE INDIAN PRINCESS DOLLAR

1862–1871 J-1138a, UNKNOWN TO JUDD IN 1959 (First Edition) but listed in Second Edition (1962). Since this specimen was first offered in a 1961 sale properly described with 13 stars (it brought $2,500) it is probably that the listing is based on this coin. Judd lists it as R-8, *but we do not know the whereabouts of any other specimen!* OF THE GREATEST RARITY AND DESIRABILITY.

Popular Indian Princess obverse with 13 stars combined with Regular Die reverse, silver, lovely GLITTERING GOLDEN WIRE EDGE PROOF! We were informed at the A.N.A. convention that a less rare silver dollar pattern changed hands at $25,000.00. What then is this UNIQUE specimen worth?

PATTERN UNIQUE 1813 HALVES

1863–1813 J-42, Restrike in copper from rusted dies, Plain Edge, Beistle Obv., reg. thickness, rot. Reverse. Ex. Parmelee & Farouk. UNIQUE

1864–1813 J-43, Restrike in brass from rusted dies, Plain Edge, Beistle Obv. 6, Rev. H4, Ex Brand, Fewsmith & Parmelee, Large Thick Planchet, rotated reverse. UNIQUE.

UNIQUE 1832 BUST HALF DOLLAR STRUCK ON COPPER BRAZIL COIN

1865–Ex Don Taxay as "1832 Bust Half Double Struck on Brazil 80 reis copper. Listed in Scotts (Scott Comprehensive Catalogue by Don Taxay) As UNIQUE." Evidently a "Set-up" Piece used to set-up and alighn the dies before commencing regular striking. Tiny but not very deep puncture at center and 3 serrated marks at right edge (to hold and alighn dies?). A most unusual and historical piece. Highly desirable! Undoubtedly worth several thousand dollars. In fact, when this piece was shown at the A.N.A. convention (it was not for sale then) an offer of $3,500 was submitted. An appraisal of $5,000.00 was made, but of course it is almost impossible to assign any set value to such an unusual and unique piece. It will be interesting to see what it now brings.

PATTERN 1839 HALF DOLLAR

1866–1839 J-98, Bust right/rev. regular die of 1842-1845, copper restrike, Red and Bluish PROOF. RARITY 8! *ONLY 2 OR 3 KNOWN.* On a comparative scale with what other similar desirable patterns are bringing, this Great Rarity should realize upwards of 3,500.00.

UNIQUE 1864 J-394 TRANSITIONAL HALF DOLLAR

1867–1864 J-394 Regular obverse die combined with REGULAR ADOPTED REVERSE DIE OF 1866 WITH MOTTO, struck in nickel, lovely BRILLIANT BLUISH WIRE EDGE PROOF! The difficulty in striking coins from nickel ("nickel" comes from German meaning "Devil's Metal" due to the difficulty in working this hard metal) is evident by the eagle's left claw not being fully struck up. Listed in Judd as "UNIQUE"! The $7,500 on the envelope indicates it was acquired before the remarkable rise in pattern prices the past year. Surely this UNIQUE TRANSITIONAL now worth over $20,000; probably closer to 25,000.00.

25c PATTERN 1870

1868–25c 1870 J-920, Liberty/STANDARD SILVER, R-6, copper, Red & bluish PROOF!

1868 J-648 PATTERN DIME TYPE OF LARGE CENT

1869–1868 J-648, Obverse as on last type of large cent/"TEN CENTS" rev., struck in copper, BRILLIANT RED & BLUISH GEM PROOF! Popular. Probably now realize between $3,000 and 3,500.00.

UNIQUE 1866 WASHINGTON NICKEL

1870–1866 J-461a UNLISTED, Washington obverse (J-461) but blank reverse, struck in nickel. From a 1967 sale at $1,150; comparing values of pattern nickels then with current prices leads us to believe this UNIQUE piece should bring upwards of 10,000.00.

1871–1866 J-512, Regular dies trial piece Struck In Steel, Prooflike with Raised Wire Edge, a few tiny carbon spots. Judd says R8 but acquired from leading dealer as "UNIQUE"! From a comparative scale of what other unique patterns have recently brought, we feel this GREAT RARITY could bring upwards of $4,000; perhaps 5,000.00.

PATTERN NICKELS & THREE-CENTS

1872–5c 1866 J-481, Washington with GOD AND OUR COUNTRY above/rev. Large 5 in wreath, Etc., struck in nickel, BRILLIANT PROOF. RARITY 7! Comparative desirable patterns seem to now be close to 1,000.00.

1873–5c 1866 J-497, Shield type with ball dividing date/regular die stars & bars, struck in nickel, BRILLIANT WIRE EDGE PROOF. RARITY 8! Surely worth a substantial four-figures.

1874–5c 1882 J-1687 Liberty Head/reverse regular "no cents" die, struck in nickel, bluish PROOF. RARITY 7! Worth well into four-figures.

1875–3c 1863 J-322, Regular dies in aluminum, PROOF. Rarity 7! Now worth around 500.00.

TWO-CENT 1863 TRANSITIONAL PATTERN – RARITY 8

1876–1863 J-318, The design adopted in 1864, struck in aluminum, BRILLIANT PROOF, tiny carbon spot. Judd indicates it as RARITY 8 (ONLY 2 OR 3 KNOWN!). Undoubtedly now worth a few thousand dollars.

PATTERN CENTS

1877–1855 J-167 Flying Eagle/ONE CENT in laurel wreath, Glittering Red & Bluish Prooflike, CHOICE! Rare thus. The last one we saw was $600; this now worth?

1878–1855 J-167, Duplicate in Extremely Fine.

1879–1858 J-206a, Small Flying Eagle with regular reverse die, *UNLISTED STRIKE IN NICKEL,* Wire Edge, PROOF. UNIQUE! Easily now worth well into four-figures.

1880–1858 J-207, similar type struck in copper, thick planchet, Glittering Bluish Olive WIRE EDGE PROOF! RARITY 8 *(only 2 known)!* Surely this rarity now worth over 1,250.00.

1881–1858 J-207a, similar but UNLISTED THIN PLANCHET, Glittering Bluish Brown Wire Edge PROOF but squeezed (in a vice?) at top & bottom. UNIQUE!

1882–(1858) J-216, Undated INDIAN with oak wreath & broad ornamental shield, copper-nickel, broad planchet, prooflike. RARITY 8 (2 or 3 known)! Now a $1,500 item; possibly closer to 2,000.00.

1883–1866 UNLISTED J-455a, similar to J-455 but about Half the Thickness, copper, Uncirculated brown but weak struck "N" in CENT due to very thin planchet. Acquired 1969 when valued $500; the "explosion" in pattern values the past year leads us to now expect upwards of 2,500.00.

1884–1869 J-670, Regular dies trial strike in nickel, PROOF. RARITY 8 (only 2 or 3 known)! Now worth over $1,250; perhaps closer to 1,500.00.

1885–1881 J-1664, Indian, struck in nickel on very thin planchet, uncirculated RARITY 8! Another four-figures item.

1886–1944 CENT Struck on 1943 STEEL PLANCHET: it now has a porous surface. It also has the weakness in striking of second 4 & part of "O" (ONE) characteristic of the few genuine specimens known. A Certificate of GENUINENESS from Walter Breen going into great detail accompanies this GREAT RARITY! We have seen estimates of $1,000 to $5,000 but in the absence of any sales records, it is difficutl to know what it will bring. We are inclined to lean more to the $5,000 figure than to the $1,000 one.
